

Covid-19 Risk assessment template

Building name: Bethel Chapel, Luton

Covid-19 transmission Risk Assessment carried out by: Tim Ramsbottom

Date of next review: 1/10/20

Date assessment was carried out: 17/06/2020 – 2/07/20

Reviewed and updated: 29/08/20 – changes to A 3.3: face coverings now mandatory, F: Sunday School reopening with altered procedures from 7.9.20, H : names of fire co-ordinators

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
A . Risk of Covid 19 transmission to worshippers : (by touch or airborne)	Worshipper	Chapel has remained closed to all except the venue managers (Deacons)	Live-streaming of the service via our website will continue when the chapel reopens so that those who are clinically vulnerable, shielding, or nervous can still participate without being exposed to this risk.	Kyle Barker and John Kingham	12/7/20	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
<p>1. A worshipper attending the chapel when unwell</p>			<ol style="list-style-type: none"> 1. Congregation to be urged to stay at home with their household if any symptoms of cough, fever or loss of smell/taste. 2. Doorsman to enquire about the health status of with any visitor before admission. To only admit if there is a spare seat at 2m distancing, and visitor is compliant to Covid security measures 3. Any one becoming unwell during a service 	<p>Guidance notes to be distributed to congregation by church secretary.</p>	<p>12/7/20</p>

			4. Thorough clean of toilets after each service	Tim and Diane Ramsbottom		
B Risk of Covid 19 transmission to Pastor or minister : (by touch or airborne)	Minister by contracting Covid-19 from touching contaminated surface, or airborne from a worshipper	Chapel has remained closed to all except the venue managers, the Minister conducting services remotely via internet streaming	<ol style="list-style-type: none"> 1. Pastor offered to preach remotely from home. He chooses this for the week evenings at present, but will come in to preach from the pulpit on Sundays 2. On reopening, for Minister (and his household), to have sole use of the vestry and ensuite toilet facility – arriving before most of the worshippers and leaving first. Thus he will never come into any 	Church secretary to communicate this to Pastor and worshippers by guidance notes.	12/7/20	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
			<p>contact with worshippers, the pulpit steps being directly next to the vestry door. Touch risk thus eliminated, and as pulpit at a distance of more than 2m from nearest worshipper - in an elevated position above worshippers — and the chapel will be well ventilated – airborne risk is very low.</p> <p>3. Organ to be re-sited to front left side pew disabled bay to increase distancing of organist from the minister</p>

				Trevor Scott		
<p>C Risk of Covid 19 transmission to doorman : (by touch or airborne)</p>	<p>Doorman contracting Covid-19 from touching contaminated surface, or airborne from a worshipper</p>	<p>Chapel has remained closed to all except the venue managers, the Minister conducting services remotely via internet streaming</p>	<ol style="list-style-type: none"> 1. All usual doormen greetings suspended. 2. The new role will be to be near the front door to explain and support our procedures, to intercept any visitors, answer any questions from usual worshippers, supervise the one way system. 3. The doors should be hooked open before the service starts to minimise touch, and closed once the service is starting. 	<p>Tim Ramsbottom to train doormen</p>	<p>12/7/20</p>	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
<p>D . Risk of Covid 19 transmission to cleaners : (by touch or airborne)</p>	<p>Cleaner contracting Covid-19 from touching contaminated surface,</p>	<p>No worshippers entering the chapel .</p>	<ol style="list-style-type: none"> 1. Individual risk assessment of the cleaners. 2. Cleaner to wear disposable gloves, disposable apron and a mask for cleaning 3. Cleaning protocol according to government guidance discussed 	<p>Tim Ramsbottom has liaised with David and Myrtle Christian. Agreed that the risk of general deep clean mid week, more than 72 h after the last service, is of acceptable low risk for them, and they are willing to undertake this.</p> <p>To be finalised by David Christian</p>	<p>Completed 2/7/20</p>	
<p>E. Risk of Covid 19 transmission to venue managers : (by touch or airborne)</p>	<p>Venue manager contracts Covid 19</p>	<p>Venue managers entering the chapel take all covid secure precautions as advised by the government and NHS</p>	<p>No further actions</p>			

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
<p>F. Risk of Covid 19 transmission to Sunday School Teachers and children : (by touch or airborne)</p>	<p>Sunday School Teacher or child contracts Covid 19</p>	<p>Sunday School closed until 7.9.20</p>	<p>Sunday School will reopen on September 7 2020, with 2 classes attending in week one and the other 2 classes in week 2. This will enable both classes to be accommodated within the Sunday School Room in a socially distanced way.</p>	<p>David Christian</p>		
<p>G. Risk of Covid 19 transmission to contractors : (by touch or airborne)</p>	<p>Contractor contracts Covid 19</p>	<p>Contractors only attend when no worshippers are present, and venue manager is there to supervise. Social distancing maintained between venue</p>	<p>No change in action</p>			

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
		manager and contractor				
H. Risk of Covid19 transmission during Emergency evacuation, in case of fire or emergency. Rapid evacuation could be hampered by these Covid distancing and one way guidelines	Worshippers, minister, doormen and venue managers - due to confusion	Chapel has remained closed to all except the venue managers	Advice fire marshals and worshippers that in case of emergency, to disregard the Covid restrictions and use the nearest exit, and follow normal emergency evacuation procedures	Kyle Barker and Trevor Scott	12/7/20
